FOR IMMEDIATE RELEASE
October 28, 2009

WRIGHT STATE UNIVERSITY TO CONDUCT CITIZEN SURVEY FOR CITY OF XENIA

Xenia, Ohio, October 28, 2009: Wright State University will be conducting a phone survey for the City of Xenia over the next few weeks. The purpose of the survey is to get community feedback on the services the City of Xenia provides to assist in setting a course for Xenia's future. The City has identified several major components for a vibrant future. These components are economic development, image enhancement, quality service provision, community outreach, adequate financial resources, and infrastructure stabilization.

It is time to ask some critical questions. What are we doing right and how do we build upon it? What's not working that must change? What are the community's expectations and for what services are the citizens willing and able to pay? What's the plan for Xenia? The survey results will be utilized to help the City assess its Strategic Vision and Action Plan for the short- and long-term future. Should you be contacted to complete the survey, we would appreciate your cooperation in taking the time to provide us with your input on Xenia's future.
