- B. An employee who is voluntarily demoted shall be placed in the new grade at the same step he/she was in, in the previous position.

In the event that the City offers an alternative assignment on a temporary basis to an employee who is unable to perform his/her normal job duties due to work-related injury or illness in order to provide reasonable productive accommodations for the employee, and the employee refuses to return to work, the employee may not use sick leave for their absence.

Interpretation of immediate family in terms of serious illness or injury is generally determined to be the spouse, parents, either natural, step, foster, or in-law, children and other relatives living in the employee's household. For purposes of death and bereavement, immediate family shall include spouse, parent, parent-in-law, step-parent, child, step-child, brother, sister, grandparent, grandchild, half-brother, half-sister, grandparent-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law and other relatives living in the employee's household, or any person for whom an employee serves as legal guardian.

An employee may use sick leave (if available) for maternity purposes from the time the employee's doctor certifies the employee can no longer perform the essential functions of their position until the doctor certifies the employee can return to duty.

An employee may use up to ten (10) days of sick (paternity) leave due to the birth of a child. An employee may use up to ten (10) days of sick leave for the adoption or new placement of a foster child. An extension of such leave may be granted under sick leave if the condition of the baby and/or the mother qualifies.

In the event an employee is scheduled to work on a holiday and is absent due to a permissible use of sick leave, the employee will receive eight (8) hours of compensation for the holiday if eligible therefore under Article 16, Holidays, and not be compensation for or charged with sick leave usage.

Section 14.3. Notification: Each employee shall notify or cause his/her supervisor to be notified of his/her absence not later than one hour prior to the regular starting time of his/her working day. If the Supervisor is not available, the employee shall call a designated number.

In cases where an illness or other eligible sick-leave use extends longer than one day, the employee shall notify or cause his supervisors to be notified not later than one hour prior to the regular starting time of the first day, the anticipated length of the eligible sick leave use, the reason for said use, and the expected return date. Notification in this matter will satisfy the requirements of the Section. If the employee must be off on sick leave longer than the estimated time, the employee will advise the supervisor accordingly prior to the current return date, provide the reasons therefore, and a new expected return date. If any employee is able to return to work earlier than anticipated, he/she is expected to do so. Sick leave is to be used only for permissible uses as stated in Section 2 of this Article.

Section 14.4. Doctor's Certificate: A doctor's certificate to substantiate absence of three consecutive days is required by the City, and may also be required in the following cases:

- A. For probationary employees;
- B. Repeated one or two day absences, or
- C. Multiple employee absences on a single day.

Section 14.5. Sick Leave Donation Program: This program is available to help employees who are in need because of their own serious health condition or the serious health condition of their immediate family member as defined under the Family Medical Leave Act, after the employee has exhausted all other available paid leave including sick leave, personal leave, vacation time and compensatory time. However, this program does not supersede nor replace other retirement or disability programs.

Employee's eligible for workers' compensation benefits and/or injury leave are not eligible for the Sick Leave Donation Program. The Sick Leave Donation Program will not limit or extend the maximum allowable absence under the Family Medical Leave Act (FMLA).

When the Personnel Office is made aware of the need for sick leave donations, a notice will be sent to all City employees requesting their help. Any employee may then voluntarily elect to contribute, permanently, sick leave credits for a Sick Leave Catastrophic Incident. In addition, the following criteria will apply:

- A. Only regular, full-time, non-probationary employees are eligible to donate sick leave credits or to be a recipient of a donation. You must

have at least forty (40) sick leave credits accumulated at the time of donation.

- B.** A sick leave credit will be defined as eight (8) hours and will not have an hourly rate attached.
- C.** An employee may contribute only five (5) sick leave credits per year.
- D.** A sick leave credit donation is permanent and therefore cannot be returned to the donor or converted to cash by the donee's estate.
- E.** The sick leave credits will be used in place of the employee's regularly scheduled workdays to the extent they are necessary.
- F.** A donated sick leave credit will not count as a separate absence for the donating employee.
- G.** Donated sick leave credits can be used to cover retroactive unpaid regularly scheduled workdays.
- H.** An employee will not accrue holiday pay, vacation or sick leave while receiving donated sick leave.
- I.** An employee may receive up to 480 hours of donated sick leave during a rolling twelve month period measured backward until donations are not available or FMLA is exhausted, whichever comes first.
- J.** An employee's illness or disability must be certified by a physician.
- K.** When an employee is about to exhaust his/her available paid leave including sick leave, personal leave, vacation time and compensatory time, a request for donate sick leave may be made in writing to the Director of Human Resources. The physician's certification, including the employee's expected return to work date, must be attached to the request. The City will determine eligibility for donations and that decision will be final. If it is determined that an employee is eligible to receive donated sick leave credits, the Union and all bargaining unit employees will be notified in writing of the request for donations by the employee. An employee who voluntarily chooses to donate sick leave credits must complete a Sick Leave Donation Form and submit it to the supervisor who will notify the payroll department to deduct the credit from the employee's sick leave balance. A copy of the donation form will be maintained in the donor's personnel file. The payroll clerk will increase the donee's sick leave balance by the number of credits received from other employees.

Section 14.6. Compensation Upon Separation: Accumulated (unused) sick leave at termination of employment will be reimbursed as follows:

- A. An employee retiring from City service will be credited for up to 175 days (1,400 hours) of accumulated but unused sick leave.
- B. An employee separated for other reasons and otherwise eligible for compensation for sick leave upon separation will be credited for up to 160 days (1,280 hours) of accumulated but unused sick leave. These limitations apply to the computation of separation pay and percent credit as defined in this Section.
- C. Separation pay is equal to the employee's hourly rate of pay times the number of hours of compensable accumulated sick leave times a percentage credit. The percent credit will be calculated with the following formula with a minimum credit of 5%. The maximum credit would be 48.75%.

$$\% \text{ Credit} = 5 + \frac{H^*}{32}$$

where H is the hours of compensable accumulated sick leave at termination.

- D. In case of death of an employee, severance pay for accrued sick leave shall be paid to the employee's estate or beneficiaries.
- E. The above provisions shall apply only to full-time employees who have completed one full year of service with the City of Xenia. An employee with less than ten (10) years of service is not eligible for severance pay for accumulated sick leave if the employee is dismissed from employment for unlawful or criminal conduct or resigns in anticipation of being dismissed for unlawful or criminal conduct. An employee with ten (10) years or more service shall be entitled to compensation for accumulated sick leave at his termination of employment, irrespective of cause, in accordance with the provisions of this Section.

Section 14.7. Reinstatement: Any employee who receives payment for unused sick leave and is later rehired may have sick leave reinstated upon reimbursing the City for the full amount received for such days when previously separated. Employees with less than one year's service that were laid off receiving no compensation for said days shall have those accumulated (unused) sick days reinstated.

Section 14.8. Transfer of Sick Leave: Any employee with prior service with another public agency of the State of Ohio shall be credited with the balance of

his accumulated but unused sick leave upon proper certification of the accumulated but unused sick leave from the previous public employer.

Section 14.9. False Claim: The City has the right to, and may if it so chooses, investigate any/all sick leave before compensation is paid. Management reserves the right to withhold benefit payments and/or take disciplinary action up to and including discharge against an employee who submits a false claim for benefits covered in this Article or works for another employer while on sick leave.

**ARTICLE 15
VACATION**

Section 15.1. Accumulation: Each full-time employee shall accrue vacation at the rate set forth below. Employees on leave of absence without pay or layoff shall not accrue vacation during the period of such absence.

<u>Length of Service</u>	<u>Hourly Accrual Rate</u>	<u>Average Annual Days Vacation</u>
Less than ten (10) complete years of service	.04616 per hour	12 days
Over ten (10) but less than twenty (20) complete years of service	.06924 per hour	18 days
Over twenty (20) complete years of service	.09231 per hour	24 days

- A. The appropriate Hourly Accrual Rate is multiplied times 40 (each employee's average work week) to obtain the vacation hours employees accrue each week. Overtime hours shall not be used when computing an employee's vacation accrual.
- B. The Average Annual Days Vacation employees accrue are based on the appropriate Hourly Accrual Rate times 2,080 (the average hours employees are scheduled to work each year).
- C. Maximum Accumulation. Vacation leave may accrue to a maximum of 240 hours or 30 days. After 10 years of continuous City service, a member may accumulate up to 360 hours but is limited to payout to 240 hours.

Section 15.2. Scheduling: Vacation leave shall be approved in accordance with the workload in effect in the division and upon approval of the head of the department or division. On or before April 1 of each year of this contract, employees shall submit request for vacation leave to their division head for scheduling. If two or more persons request the same dates within a division, seniority shall prevail in deciding who will be scheduled to take vacation. Once approved, the vacation schedule shall be posted in each division no later than May 1 of each year.

Requests for vacation received after April 1 of each year will be considered on first-come, first-serve basis, and must be requested at least two weeks in advance of the leave, unless the supervisor permits a shorter notice. Whenever

two or more employees under the same immediate supervisor apply the same day to take a vacation and the work schedule is such that not all employees can take vacation at the same time, seniority shall be the determining factor in deciding who shall take vacation.

Section 15.3. Vacation Approval: Vacation approval will be determined by the division head by putting the date of approval and their signature to that effect within five (5) days of the request. If only one employee asks for vacation and the department or division has granted vacation to the employee, his vacation request shall be honored without change by Management, except in case of emergency.

Section 15.4. Compensation Upon Separation: Upon separation from the City's service, an employee shall be entitled to compensation for earned but unused vacation leave to his credit at the time of separation. Computation of pay for unused vacation shall be based on the hourly rate (as shown in the pay plan) times the hours of accumulated vacation leave, but not to exceed 240 hours or 30 days.

In the case of death of an employee, there shall be paid to his/her widow, widower, or other beneficiary or estate an amount equal to his/her hourly rate of pay at death times the number of compensable accumulated hours of vacation leave.

Section 15.5. Holidays: In the event that a holiday occurs during an employee's vacation, the employee shall not be charged with a day of vacation for the holiday.

Section 15.6. Call-in: If an employee is called in to work while he/she is on vacation, he/she shall be paid at one and on-half times his regular rate of pay in addition to vacation pay.

Section 15.7. Prior Public Service Employment Credit: Employees are entitled to receive prior public employment service credits as follows: A full-time employee shall accumulate vacation time using prior public service with the State of Ohio or a political subdivision thereof for the six-year period preceding his/her employment with the City. Each employee shall, within 60 days of his/her employment, furnish the Director of Finance with certification of such public service to receive prior public service employment credit.

ARTICLE 16 HOLIDAYS

Section 16.1. Holidays: The following days are designated as paid holidays for all City employees:

Section 16.2. Rate of Pay: All employees shall receive eight (8) hours holiday pay for the holidays listed in Section 16.1. All employees who are required to work on a holiday shall be paid two times the regular rate for actual hours worked plus eight (8) hours holiday pay.

For overtime purposes, Holiday pay will not be included in the calculation of overtime for the employees working in a seven-day coverage operation. Employees who do not work on the actual holiday shall be paid for eight (8) hours of work at their straight time hourly rate.

Employees may opt to receive compensatory time-off for Holiday pay in the amount of eight (8) hours at straight time for holiday hours paid on a day they are not regularly scheduled to work.

Section 16.3. Observance of Holidays:

- A. For the Monday through Friday operation, when a holiday falls on a Saturday, the preceding Friday will be observed as the holiday. When a holiday falls on a Sunday, the following Monday will be observed as the holiday. For these holidays, the observed day off (Friday or Monday) will be recognized for holiday pay purposes.
- B. Employees working in a division requiring seven-day coverage and who work any of the actual holidays listed in Section 16.1 shall be paid the double-time rate of pay for all hours worked plus eight (8) hours holiday pay.

- C. Employees working in the seven day operations shall be required to work equal numbers of actual calendar holidays to the extent possible.
- D. Employees working in the seven day operation shall have their work schedules rotated for holidays from year to year so an employee will not be required to work the same holidays two years in a row to the extent possible.
- E. In the event a holiday shift becomes available for employees working in a seven day operation, the holiday shall be first offered to the employee who has worked the least number of holidays.
- F. The holiday and weekend work schedules shall be posted no later than December 15 of the previous year.
- G. Employees who do not work on the actual holiday shall be paid for eight (8) hours work at their straight time rate.

Section 16.4. Eligibility: In order for an employee to receive holiday pay, he/she must be in paid status on his/her regular scheduled day before and his/her regular scheduled day after the holiday.

No employee working in the seven day operation will be denied the opportunity to work a holiday as part of their regular schedule as defined in Section 16.3.

Section 16.5. Effect of Holiday: In the event that a holiday occurs during such employee's vacation, the employee shall be compensated for the holiday and not charged with or compensation for the vacation hours. In the event an employee is scheduled to work on a holiday and is absent due to a permissible use of sick leave or injury leave, the employee will receive eight hours of compensation for the holiday, if eligible therefore under this Article, and not be compensated for or charged with sick leave or injury usage.

**ARTICLE 17
PAID ABSENCE DAYS**

Section 17.1. Paid Days: Each employee on the payroll January 1 of each year will be granted three (3) paid absence days which must be taken during that calendar year. Paid absence days shall be used in accordance with the following provisions.

Section 17.2. Expiration Date: The day must be taken by December 15 (unless notification is given prior to December 1 of each) and may not be taken with less than one week's notice except by the mutual consent of the employee and his/her supervisor. Requests for leave with less than one weeks notice shall not be unreasonably denied. If said day(s) is/are not taken during the calendar year, they shall be lost and no additional compensation shall be paid in lieu thereof.

Section 17.3. Management Determination: In the event the number of employees who apply for a specific day is more than can be accommodated, they will be granted the day off in order of their application for the paid absence day.

ARTICLE 18 INJURY LEAVE

Section 18.1. Extent of Benefit: In the event an employee suffers an injury and is unable to work as a result of an on-duty accident or incident other than for reason of misbehavior on the part of the employee, and such injury is determined to be allowable by the Bureau of Workers' Compensation (BWC) or Industrial Commission (IC), the employee may receive a maximum of 720 work hours of injury leave for each new and separate injury.

An employee who contracts a communicable disease, which is the result of an on-duty exposure incident with the City of Xenia, will be eligible for injury leave.

When injury leave is exhausted, the employee may elect to use accumulated sick leave and/or other accrued leave.

In extreme cases where the employee has exhausted all sick leave and other accrued leave, additional injury leave may be granted at the discretion of the City Manager, considering the facts of the particular case. When disability caused by an in-the-line-of duty injury continues for a period of 12 months, and all leave is exhausted, the employee shall apply for disability retirement.

The parties agree to have a transitional work program. The transitional work program is designed to provide, on a temporary basis, suitable alternate work schedules (in consultation with the employee) and job tasks that provide reasonable productive accommodations for employees who are unable to perform their normal job duties due to a work-related injury or illness. Employees unable to perform their normal job duties due to a non work-related injury or illness may be eligible to participate in the Transitional Work Program at the discretion of management.

Employees who are eligible to participate in the Transitional Work Program due to a work-related injury or illness but refuse to return to work will not be eligible for injury leave benefits.

Section 18.2. Reporting: All on-duty injuries should be reported to the respective department head immediately (within 24 hours). A written injury report will be prepared, signed by the employee and the department head and forwarded to the office of the City Manager. If the injury is a line-of-duty injury and is not reported within the 72-hour period, the City Manager reserves the option as to whether or not injury leave will be allowed.

Section 18.3. Worker's Compensation: When the employee is unable to work for three or more calendar days as the result of an in-the-line-of-duty injury, the employee will file a claim for Worker's Compensation benefits. Charges will be

made against the employee's leave accruals, beginning with sick leave, for any periods not covered by Worker's Compensation Statues.

In the event the Bureau of Workers' Compensation (BWC) or the Industrial Commission (IC) determines that the injury or condition is not the result of an on-duty accident or incident with the City of Xenia, any injury leave hours the employee received will be reverted to sick leave and/or other available paid leave hours. If the employee does not have sufficient paid leave hours available to reimburse the City for all injury leave hours received for a denied claim, the employee shall make full restitution to the City through a mutually agreeable arrangement.

Section 18.4. Payment: The employee will receive his/her regular salary paid by the City. Employees may not receive wage benefits from the City and Bureau of Worker's Compensation at the same time.

Section 18.5. Evidence: The City may require, at any time, the employee to furnish medical proof or submit to medical examination by a City-designated physician at the City's expense, to determine whether the alleged injuries are compensable. If compensable, the City shall notify the employee immediately.

Section 18.6. Effect of Holidays: If an employee is normally scheduled to work on a holiday and is eligible for compensation under this Article, the employee will not be charged with or compensated for injury leave hours, and will be compensated for the holiday.

Section 18.7. False Claim: The City has the right, and may if it so chooses, to investigate any/all injury leave before compensation is paid. Management reserves the right to withhold benefit payments or take disciplinary action, up to and including discharge, against an employee who is guilty of submitting a false claim for benefits covered in this Article or for working for another employer or engaging in self employment while on injury leave where:

- a. such employment indicates an ability to perform the essential functions of his or her City position;
- b. such employment is inconsistent with the convalescence from his or her injury or illness and would tend to either exacerbate the condition or delay his or her recovery; or
- c. such employment occurs on any day on which the employee is normally scheduled to work for the City.

Section 18.8. Appeal Provisions: If injury leave is denied any employee under the terms of this Article, the matter may be the subject of a grievance presented at Step 3 of the grievance procedure and mediation up to arbitration. The

employee and the City shall be permitted to present evidence, testimony, and argument at each applicable step of the grievance procedure.

**ARTICLE 19
LEGAL PROCESS ABSENCES**

Section 19.1. Absence in Response to Subpoena (Employee Not a Party to Court Case or Administrative Hearing): There will be no loss of pay if the employee signs and files a statement with the Finance Director stating that compensation was received in the amount shown or no compensation was received as a result of the court appearance.

The amount of any witness fee or other compensation, except that which is paid specifically for expenses incurred by reason of the subpoena, shall be remitted to the Finance Director at the time the above form is filed. Adherence will result in no loss of pay.

Section 19.2. Absence Due to Response to Jury Summons: There shall be no loss of pay if the employee signs and files a statement with the Finance Director immediately upon return from jury duty stating that compensation was received in the amount shown and the employee remits the compensation received to the Finance Director before the end of the current pay period.

Section 19.3. Absence When Party to Court Action: In the event of absence from duty for any court hearing or administrative hearing in which the employee is party, the employee must use accrued but unused vacation leave or accrued but unused paid absence days. If said employee does not have vacation leave or paid absence days, the employee may apply for a Leave of Absence without pay in accordance with the current Rules and Regulations of the Civil Service Commission.

Section 19.4. Notification of Absence: Employees must notify their supervisor as soon as practicable of their impending absence from duty to be excused for legal process absences.

**ARTICLE 20
HOURS OF EMPLOYMENT**

Section 20.1. Hours of Work:

1. Normal Work Hours. The hours of work shall normally be eight (8) consecutive hours per day (exclusive of an unpaid lunch break where applicable), 40 hours per week, Monday through Friday.

The normal work week for employees in the Water and Wastewater Treatment Plants shall include Saturday and Sunday working hours in the interest of public health, safety and welfare. Employees who are assigned Saturday and Sunday at the Water/Wastewater Treatment Plants shall receive an additional \$.50 per hour for hours worked on Saturday and Sunday.

2. Alternate Work Schedule. The parties recognize that the ever-changing needs of our citizens mandate flexibility in the staffing and scheduling of work in the Public Service Department. To this end, management continues to reserve the right to "...determine, and from time to time, re-determine the number, locations and relocation and types of employees or to discontinue any performance by employees of the City; to determine the number of hours per day or week any operation of the City may be carried on..." as specified in Article 5, Management Rights.
3. Shift Exchange. For shift differential purposes, the water plant five (5) minute shift exchange on Saturdays and Sundays will not be considered as hours.

Section 20.2. Period Definitions: The work week is defined as that period of time from Sunday (0001 hours) through Saturday (2400 hours).

Section 20.3. Overtime Schedule: The City shall not schedule employees outside normal work hours solely for the purpose of avoiding the payment of overtime. The City reserves the right to alter work schedules and reporting times of employees to provide sufficient qualified and capable employees to meet emergencies or to perform duties which cannot reasonably be performed during the normal working hours. Any pre-scheduled overtime shall be scheduled by using the current call in-list. Once manpower needs are filled, the next call-in event will start with the next person on the list.

Section 20.4. Breaks: All employees shall be entitled to two (2) fifteen (15) minute breaks within each eight (8) hours schedule. These breaks shall be scheduled at mid-point of the first four (4) hours and the mid-point of the second

four (4) hours and each four hours thereafter to the extent practicable. The time of the break shall be counted as the time not working and shall include any travel time. Depending on job location, weather conditions and special circumstances, common sense shall apply to break duration.

The Department shall meet at least annually to discuss and evaluate break practice.

Section 20.5. Holiday and Weekend Schedules: Holiday and weekend work schedules shall be posted no later than December 15 of the previous year.

Section 20.6. Notice of Schedule Change: There shall be a two week notice posted and a copy given to each affected employee in order to change shifts, hours, or schedule except in cases of an emergency or unforeseen circumstances which require a shorter notice.

Section 20.7. Treatment Plants Shift Preference: Vacancies in Treatment Operator shifts will be filled based on seniority of current Treatment Plant operators.

ARTICLE 21 OVERTIME PAY

Section 21.1. Definition: All employees shall be paid one and one-half times the regular rate for overtime hours worked.

Section 21.2. Overtime Compensation:

- A. Employees shall receive time and one-half their regular rate of pay for all authorized hours actually worked in excess of eight (8) hours in a day or 40 hours a week. All employees shall be paid at the rate of two times the hourly rate of pay for all work done on the seventh consecutive day actually worked.
- B. For water plant operations, the five (5) minute shift exchange will not be considered as a day worked for the purpose of determining the seventh consecutive day actually worked.

Section 21.3. Pyramiding Prohibited: All compensated hours shall be included in the “hours of work” for determining overtime compensation, but in no event shall an employee draw double benefits.

Section 21.4. Scheduled Overtime: Employees must receive at least a 24-hour advance notice for overtime to be considered scheduled overtime. An employee scheduled to work overtime on a day when the employee performs no other work shall receive a minimum of one (1) hour at the rate of one and one-half times his normal rate of pay. An employee working more than one (1) hour will be paid for actual hours worked at the rate of one and one-half times his normal rate of pay for hours worked outside his scheduled shift.

Employees on “Standby Status” will be offered any scheduled overtime.

For wastewater treatment plant operations, Saturday plant checks will not be considered scheduled overtime.

For the water plant operations, the five (5) minute shift exchange will not be considered scheduled overtime.

Section 21.5. Call-In Time and Pay:

- A. Call-in Time: Call-in time is defined as unscheduled time for work assigned by the City and performed by an employee at a time disconnected from his/her normal and prescheduled hours of work, excluding the thirty minutes prior to a scheduled work shift.
- B. Call-In Pay: When an employee is instructed to and does respond the employee will receive a minimum of three (3) hours of work at one and one-half times the employee’s normal rate of

pay even if no work is performed. If the on-call employee is instructed to respond by the communications center the employee must attempt to contact a supervisor before responding. If the supervisor determines the on-call employee is not required to respond the employee will receive thirty (30) minutes of work at one and one-half times the employee's normal rate of pay. An employee called in and working three (3) or more hours will be paid for actual hours worked at the rate of one and one-half times his normal rate of pay for hours worked outside his scheduled shift.

- C. Call-in Responsibility: The parties jointly recognize the importance of the Public Service Department to ensure the health, safety, and welfare of the Xenia community. To help meet this obligation, the parties will work to effectively communicate in order to ensure adequate coverage in times of emergency with the expectation that employees on the call-out list will be available during any shift for any type of emergency situation.

Employees who will be out of town for extended periods of time or who for legitimate purposes, will be unavailable to respond to emergency situations should they arise, will inform their Supervisor in advance of their departure of unavailability.

While these procedures are particularly pertinent and vitally important during seasons where weather emergencies are more frequent, employees must be aware that various types of emergencies situations requiring Maintenance Department response could arise at any time.

Section 21.6. Overtime Availability: All scheduled overtime shall be offered equally to all employees within the same call-in list but first offered to the employee carrying the communication device for "Standby Status."

Section 21.7. Time off in Lieu of Payment: If an employee elects to take time off regularly scheduled hours in lieu of payment for any time compensable as overtime, such time off shall be granted by the division/department head at a rate of one and one-half hours off for every hour worked basis at a time mutually convenient to the employee and the division/department head or his/her designee.

Each employee shall be allowed a maximum accumulation of 120 hours compensable time at any one time. Hours shall be accrued at a rate of one and one-half hours for every hour worked. No more than 120 hours may be taken off as leave per calendar year.

Accumulated unused compensable time shall be reimbursed between November 1 and Thanksgiving at the employee's regular hourly rate of pay as of November 1st. The employee may carry over 40 hours of compensable time from one calendar year to the next. If the request does not reach the Finance Department in writing by November 1st, the employee will be compensated for 100% of the accumulated overtime.

When an employee is sent home early from his/her regular scheduled shift, the employee may use available vacation, comp time or personal hours to full-fill the remaining hours of his/her shift.

ARTICLE 22 EMERGENCY MEAL ALLOWANCE

Section 22.1. Emergency Meal Allowance: The City will either furnish meals or reimburse employees for meals provided the employees are scheduled to work in excess of 12 consecutive hours. Reimbursement will not be paid for an employee's regular lunch period. Maximum reimbursement for meals under this Section shall be \$10.00 per meal. Whenever practicable while on City time, employees shall be given a 30 minute period or a reasonable period under the particular circumstances in accordance with scheduling requirements for the purpose of eating during each of the above periods. This Section is intended to apply to situations where employees are unexpectedly called for duty because of emergencies.

The City will provide the benefit of an annual stipend in the amount of \$600.00 to all eligible bargaining unit members for the purpose of purchasing safety shoes and outerwear. It is expected that this compensation is to be used at the discretion of the employee for the purpose of acquiring necessary outerwear and safety shoes; consequently, it is each employee's responsibility to have the necessary gear for the work environment at the beginning of his/her shift, and there will be no exceptions. Safety shoes must meet current ANSI Standards regardless of where they are purchased. The stipend payment will be made no later than the end of September of each year. In the event of rare and extenuating circumstances, an additional pair of shoes may be provided annually to an employee at the discretion of the supervisor. ARTICLE 25 GRIEVANCE PROCEDURE

Section 25.1. Purpose: There shall be an earnest, honest, and prompt effort to settle differences between an employee and the City or the Union and the City with respect to any claimed violation of this Contract.

Section 25.2. Definitions:

- A. A grievance is defined as a claimed violation of the negotiated contract. Impasse resulting from negotiations on a new or modified collective bargaining contract is not a grievance by definition and shall not be subject to the grievance arbitration procedure.
- B. A group grievance is a grievance which uniformly affects a group of employees. The group will be comprised of those affected bargaining unit members who are identified by name in the grievance when it is first presented in writing. The Union may amend the group prior to the first formal grievance meeting.
- C. Days referred to herein shall be working or duty days of the grievant or the respective management representative.

Section 25.3. Content of Grievances:

All written grievances must contain the following information to be considered:

1. Aggrieved employee's name and signature; if applicable;
2. Date grievance was first discussed and the name of the supervisor with whom the grievance was discussed, if applicable;
3. Date grievance was filed in writing;
4. Date and time grievance occurred;
5. A brief description of the incident giving rise to the grievance;
6. The article, section or sections of the negotiated Agreement claimed to be violated; and
7. Desired remedy to the grievance.

Section 25.4. Procedures:

STEP 1. Following a meeting between the employee and his/her supervisor, if the grievance is not resolved, the aggrieved employee(s) shall reduce the grievance to writing on forms supplied by the Union for this purpose and present it to the division head. The employee(s) shall clearly describe the alleged violation which is the subject of the grievance, the contract provisions which are alleged to have been violated and the specific relief sought. Four (4)

copies of the grievance forms shall be prepared, dated and signed by the aggrieved employee(s), and distribution of said copies shall be as follows: one (1) copy to the division head; one (1) copy to the Union; one (1) copy to the City Manager; one (1) copy to the Director of Public Service (or his designated representative).

The time for filing a grievance or class grievance shall be five (5) working days from the time the grievant(s) knew or could reasonable have learned of the grievance. Within two (2) working days of receipt of the grievance, the division head shall contact the Union steward to set up a meeting to discuss the grievance. The division head shall reply in writing to the grievant(s) by the end of the fifth working day after such meeting.

If the grievant(s) does not refer the grievance to the second step of the procedure within four (4) working days after receipt of the decision rendered in the first step, it shall be considered to be satisfactorily resolved.

STEP 2. Should the grievance remain unresolved at the preceding step and should it be referred to the second step, the grievance shall be referred in writing to the Director of Public Service (or his designated representative) by the grievant(s). Within two (2) working days of receipt of the grievance, the Director of Public Service or his designee shall contact the Union steward for the purpose of setting up a meeting to discuss the grievance with the steward and the grievant(s). The Director of Public Service (or his designated representative) will reply to the grievant(s). The Director of Public Service (or his designated representative) will reply to the grievant(s) in writing, by the end of the seventh working day after the Step 2 meeting.

If the grievant(s) does not refer the grievance to the third step of the procedure within ten (10) working days after receipt of the decision of the Director of Public Service (or his designated representative), it shall be considered to be satisfactorily resolved.

STEP 3. Should the grievance remain unresolved at the preceding step and should it be referred to the third step, the grievance shall be referred in writing to the City Manager by the grievant(s). Within two (2) working days of receipt of the grievance, the City Manager or his designee shall contact the Union to establish a date for a meeting to discuss the grievance with the grievant(s) and his steward. The City Manager will reply to the grievant(s) in writing, by the end of the tenth working day following such meeting.

If the Union does not refer the grievance to the fourth step in the procedure within seven (7) working days after receipt of the decision of the City Manager, it shall be considered to be satisfactorily resolved.

STEP 4. Mediation. The parties may mutually agree to use the mediation procedure through the Federal Mediation and Conciliation Service (FMCS) to resolve any differences before proceeding to arbitration. Mediation shall be non-binding upon the parties unless the parties mutually agree otherwise. If the grievance is not resolved through mediation, the Union may refer the grievance to the arbitration procedure. If not referred to the arbitration procedure within 10 calendar days after receipt of the mediator's recommendation rendered in this step, the grievance shall be considered settled. Use of the mediation step shall not impair the parties' right to arbitrate a grievance.

STEP 5. Should the grievance remain unresolved at the preceding step, a written notice of intent to proceed to arbitration shall be served upon the City Manager by the Union within ten (10) working days.

Within ten (10) days of receipt of such notice of intent to proceed to arbitration, the Union shall notify the Federal Mediation Conciliation Service and request an odd-numbered panel of prospective arbitrators. Within ten (10) days of the receipt of such panel, the parties shall select an arbitrator by the alternate striking of names and so notify the FMCS. The date for such arbitration shall be set within 60 days thereafter unless an extension is mutually agreed to by the parties or unless an extension is necessary to accommodate the availability of the arbitrator.

An employee called by either party as a witness shall not suffer loss of pay. The arbitrator shall reduce his award to writing and state the reasons for his decision.

The arbitrator shall have no power to add to, or subtract from, or modify any provision of the negotiated contract. The decision of the arbitrator shall be final and binding on both sides. The parties shall pay equally all the costs for the arbitrator including the arbitrator's fees and expenses, and other necessary expenses of the arbitration procedure.

Section 25.5. Time Limits: It is understood that the time limits imposed in this Article may be extended at any step by mutual written consent of the parties in that step. Likewise, any step in the grievance procedure may be eliminated by mutual consent of the City Manager and the Union.

A request by either party to extend the time limits provided herein for justifiable cause (i.e. absence of an essential representative or witness) shall not be unreasonably denied by the other party. If either party fails to adhere to the time limits provided or as they may have been extended or waived by written agreement, the other party's position shall be immediately adopted upon expiration of the designated time limit, and the grievance shall be closed on that basis. However, in no instance shall such default of a grievance due to failure to abide by the time limits constitute a precedent for the settlement of future grievances.

Section 25.6. Union Representation: The grievant shall have the right to have a Union representative present at any of the steps of the grievance procedure or disciplinary proceeding.

Section 25.7. Election of Procedures: It is further understood that any controversy which is within the domain of the Civil Service Commission shall be referred directly to the Commission. The decision of the Civil Service Commission shall be final and binding on both parties.

An employee who wishes to appeal disciplinary action taken by the City which allegedly violates this Contract shall have the option of filing an appeal with the Civil Service Commission if it is within the authority of the Commission by law, or to proceed under the Grievance Procedure contained in this Contract, if applicable, but the employee must make an election in writing between the two procedures and will not be entitled to grieve and to process an appeal to the Civil Service Commission on the same matter.

ARTICLE 26
LABOR-MANAGEMENT

Section 26.1. Labor-Management Committee: The City and the Union will jointly assist in establishing a Labor Management Committee, which will consist of eight (8) members, half of whom will be appointed by the Union. Each member will serve at the pleasure of the party appointing him or her, and may be replaced from time to time. At such meetings there will be full and forthright discussions and complete disclosures, if possible, by both parties on mutual subjects that would directly or indirectly affect the morale and command of the Department members of the bargaining unit. Meetings will be held within a reasonable time (not to exceed 14 calendar days unless mutually extended by both parties) after a request by either party, having regard for the seriousness of the issues involved.

Reports: Written responses promised by each party's representatives during meetings, to items rose at such meetings, will be submitted to the other party's representatives who attended the meeting within fifteen (15) calendar days after the meeting, unless the parties mutually agree to a time extension. The Union may submit a written report as a result of such meetings.

Section 26.5. Safety Committee: In the interest of the safety of employees and to provide for a safe and productive work environment, there shall be established a Public Service Safety Committee (Safety Committee) comprised of not more than four (4) City employees selected by the Union and not more than four (4) City employees selected by management. The Safety Committee will convene monthly for the purpose of discussing subjects of mutual concern regarding on-the-job safety. The committee should be active in identifying and implementing safety improvements for the benefit of all City employees.

ARTICLE 27
NO STRIKE OR LOCKOUT

Section 27.1. No Lockout: During the term of this Contract, the City will engage in no lockout of the employees covered by this Contract.

Section 27.2. Union Responsibilities: It is understood and agreed that the services performed by City employees covered by this Contract are essential to the public health, safety and welfare. Neither the Union nor any employee shall take part in, cause, or aid any strike, slowdown, picketing (so as to encourage employees not to work), or any other interference with the operations of the City during the term of this Agreement. In addition to other rights and remedies prescribed by law, the City shall have the right to discharge or otherwise discipline employees violating this section, and no such discharge or discipline may be set aside unless the employee is found innocent of any violation of this Section.

If there is an unauthorized strike, work stoppage, slowdown, interruption or impeding of work, the Union, together with its officers and agents, shall publicly denounce said strike, work stoppage, slowdown, interruption or impeding of work, disclaim approval; order those taking part in such strike, work stoppage, slowdown, interruption or impeding of work to return to work immediately and instruct all interested employees of the City or other employees, that said strike is not authorized and that work shall be continued. If these steps are followed, there shall be no liability on the part of the local Union or any of its officers or agents for such strike, work stoppage, slowdown, interruption or impeding of work.

Section 27.3. Violations, Termination of Agreement: Upon the occurrence of a violation of Section 27.02 of this Article, the City may terminate this Contract by giving written notice to the Union. Upon the occurrence of a violation of Section 27.01 of this Article, the Union may terminate this Contract by written notice to the City.

ARTICLE 28 SAFETY AND HEALTH

Section 28.1. General: The City will observe all applicable Federal and State health and safety laws and regulations, and consistent with its established practice, shall take all steps reasonably necessary to ensure employee health and safety.

Section 28.2. Drug and Alcohol Testing: Chemical tests may be administered to any bargaining unit member to determine their fitness for duty, when such tests are part of an official internal investigation or when there is “reasonable suspicion” that the employee may be unfit for duty. Any such sample may be tested at two different levels; an initial screening, which if positive, will be followed by a confirming test using gas chromatography/mass spectrometry. Such test will be conducted in a manner so as to minimize the invasion of the employee’s privacy. Chain of custody procedures will be maintained. The employee will be advised that the results may not be used against him/her in criminal proceedings, and the employee will be given an opportunity to give explanation why the test may be positive.

Section 28.3. Hazardous Weather:

- A. Humanitarian guidelines respecting the responsibilities of the parties in case of adverse or extreme weather conditions that affect the health and personal safety of employees shall be of prime consideration.
- B. For the purpose of implementing the provisions of the preceding paragraph A above, the Department Director, or his designated representative, shall determine if employees are to work or not and notify the news media only if they are not to report to work. In the event the weather conditions materially worsen during the work period, the director or representative shall confer with the appropriate union steward regarding weather conditions. The final decision regarding the employees working shall be made by the director or representative.

Section 28.4. Police Training in Service Building: In the interest of the safety of employees, the City will advise the employees of training activities being conducted in the Public Service Building (i.e. dog training, hostage training, etc.). The City will observe all laws regarding the use of drugs to train dogs around employees’ locker areas.

Section 28.5. Personal Protection Equipment: The City agrees to provide required personal protection with an initial issue and reasonable replacements where there is not evidence of abuse.

**ARTICLE 29
ENTIRE CONTRACT CLAUSE
WAIVER OF BARGAINING**

Section 29.1. Entire Contract Clause: This Contract supersedes and cancels all prior agreements between the City and the Union as this constitutes the entire contract between parties.

Section 29.2. Waiver of Bargaining: The City and the Union acknowledge that during the negotiation which resulted in this Contract they had the unlimited right to make proposals with respect to any matter which could be the subject of collective bargaining and that the understandings and agreements arrived at by the parties, after the exercise of that right and opportunity, are set forth herein. The City and the Union, for the life of this Contract, each voluntarily and unqualifiedly waives the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any matter covered by this Contract, except as provided in Article 1, or with respect to any matter not referred to or covered in this Contract, even though such matters may not have been within the knowledge or contemplation of either or both of the parties at the time of the negotiation or execution of the Contract. (However, nothing in this section is intended to limit the scope of bargaining as specified in O.R.C. 4117.)

**ARTICLE 30

Section 30.1. Commercial Drivers License: Employees determined by management to be in positions where Commercial Drivers License and/or endorsements are needed shall obtain and maintain the license and endorsements. The City will reimburse employees for renewal of their Class A and the tanker endorsement as long as the proof of payment and the reimbursement request is submitted within 30 days of the date of renewal. Proof of proper license shall be provided by the employee at the request of the supervisor.

Section 30.2. Suspension of CDL: Any employee whose driving privileges under C.D.L. (for work) are suspended shall be suspended, laid off, or discharged as deemed appropriate based on the type of license suspension. The cause for such discipline shall be the employee's inability to meet the basic requirements for the job. If an employee appeals the loss of C.D.L. privileges pursuant to Ohio Revised Code, such employee shall be suspended without pay (in lieu of discharge) for up to but not to exceed one (1) year from the original conviction.

Section 30.3. Medical Exams: The City shall pay the cost of medical exams required by law for the operation of City equipment.

Section 30.4. Use of City Vehicles: Employees will be permitted to use City vehicles to take the road test up to two (2) times. The City will not pay the costs for the road skills test.

**ARTICLE 31

Section 31.2. Reimbursement Amount: The City shall reimburse employees up to 100% of the cost of tuition and/or proficiency examinations incurred in pursuing a job-related educational program leading to an Associate, Bachelor's or Master's degree from any institution of higher education on the following reimbursement schedule:

The member shall indicate his/her name, degree sought, the courses to be taken in the following calendar year, and an explanation as to how such course of study relates to the employee's job responsibilities. All such requests shall be subject to the approval of the division/department head, which approval must be obtained in writing before enrolling the course(s).

Section 31.4. Reimbursement Eligibility: To be eligible for reimbursement, the member must have successfully completed the course with a grade of "C" or better. Reimbursement will be made within 30 days following receipt of the following information.

An authorization form permitting the City to deduct the amount of the reimbursement from his/her final paycheck should the member terminate his/her employment within one (1) year of completing the course, for whatever reason. In the event the final check(s) do not cover the tuition reimbursed the member by the City, the member will be required to make payment to the City to the extent the tuition reimbursed exceeds the final check(s).

Section 31.6. Training and Licensing: The City agrees to continue the practice of paying the cost of training and licenses for job related certification. Management reserves the right to approve for job-relatedness.

ARTICLE 32 DURATION

Section 32.1. Duration: All provisions of this Contract shall be effective July 18, 2016, and shall remain in effect through January 26, 2019 and shall continue thereafter for successive periods of 12 months, unless either party to this Contract, on or before 150 calendar days prior to the expiration of such period, notifies the other party in writing of its intention to terminate this Agreement or to amend any terms thereof.

Section 32.2. Upon the delivery of the notice of either party's intent to terminate this Contract or to amend any terms thereof, the parties shall meet with respect to a new Contract. Such meeting shall be held sufficiently in advance of the expiration date so as to enable the parties to attempt to reach an agreement no later than 46 days prior to expiration. The parties shall meet and exchange proposals at least 120 calendar days prior to the expiration date.

ARTICLE 33 STANDBY RESPONSIBILITY AND PROCEDURES

“Public Service Employees” of this bargaining unit, typically involved in the daily maintenance of the city infrastructure, are employed for the sole purpose of maintaining these services for the health and safety of the public. These employees are therefore required to observe the existing call-in procedure as an inherent responsibility of their respective job duties. All employees are expected to make themselves readily available for emergency situations that may arise on any given day and at any given time.

Section 33.1. Standby Status: Communication devices will be issued weekly to Public Service Department employees. One (1) will be for coverage of Utility Maintenance calls; one (1) will be issued for Public Service Maintenance calls; one (1) will be issued to an equipment operator; and one (1) for the Wastewater Plant.

A communication device will only be issued to the equipment mechanic when the equipment mechanic supervisor is not available for one week or longer. The equipment mechanic will be compensated eight (8) hours for carrying the communication device and responding. This compensation is in addition to compensation for working as a temporary supervisor during the same timeframe.

A communication device will only be issued to a water treatment plant operator when the supervisor is not available for one week or longer. The water treatment plant operator will be compensated eight (8) hours for carrying the communication device and responding. This compensation is in addition to compensation for working as a temporary supervisor during the same timeframe.

The purpose of issuing communication devices to the workforce is to ensure adequate response to after-hours, Public Service operational needs. Public Service employees must report to duty within a reasonable amount of time. In cases of emergency, management reserves the right to make alternate calls if the standby employee is unable to respond within an acceptable amount of time.

Section 33.2. Standby Compensation: Compensation for carrying the communication device and responding will be eight (8) hours regular pay.

Section 33.3. Procedures:

STEP A. Public Service employees will continue to be rotated in their respective list. The top employee on each list will be responsible for “covering” their respective list either by carrying the communication device themselves or finding someone else in their list to carry it for them as approved by the supervisor. That person will be on stand-by for all “call-ins” for that list for the week beginning at the end of his normal shift on Monday (Tuesday – WWTP) and continuing for all non-regular hours until he/she reports to work on the

following Monday (Tuesday – WWTP). The top person on each list will rotate to the bottom of their list every Monday (Tuesday – WWTP), or in case of a Monday (Tuesday – WWTP) holiday, the first workday of the new week. These lists will be updated by the supervisors and sent to Central Communication every Monday (Tuesday – WWTP).

STEP B. In case of an urgent call for maintenance services, Central Communications will determine the nature of the call and contact the appropriate on-call employee. If there is no answer, then dispatch will proceed to the backup list as indicated below;

	First	Second	Third
1.	Public Service	Utility Service	Operator
2.	Utility Service	Public Service	Operator
3.	Operator	Operator	Backup Operator

Back up operators are able to carry the pager in the event that no other operator wants to carry the pager for the week.

Section 33.4. Additional Personnel: If additional personnel are required, the device carrier will use the appropriate call-out list to staff the project. Any new calls that come in while the device carrier is called in will go to the device carrier in the affected list. At the completion of the project, the device carrier will inform dispatch and ask if there are any other calls for their department before leaving duty.

Section 33.5. Device forfeiture: If the device carrier is scheduled to be absent for any part of the week, he/she will be responsible to make arrangements with another employee to cover his/her absence. If the device carrier misses any two weekdays or any part of the weekend starting with Friday (i.e., sick) during the standby week, he/she will forfeit his/her Standby Compensation for the week. If the device carrier is incapacitated for any part of the week, the supervisor will make an assignment with another employee to cover his/her absence following the existing list for that week. In case of emergency involving the device carrier, dispatch can be notified to use the backup list. If a call is not responded to within a reasonable amount of time, the employee forfeits the standby compensation.

Section 33.6. Compliance: The standby employee will comply with current call-in procedures.

**ARTICLE 34
FAMILY AND MEDICAL LEAVE ACT**

Section 34.1. Family and Medical Leave Act: For the purposes of implementing the provisions of the Family and Medical Leave Act (FMLA), the time period for calculating the benefit year will be a rolling twelve (12) month period measured backward from the date leave is taken and continuous with each additional leave day taken. Employees are required to submit all necessary paperwork in compliance with the Act and any incidental costs associated with completion of the paperwork is the responsibility of the employee.

Family or Medical Leave approved in accordance with the Act will be used concurrently with available paid leave before any leave becomes unpaid.

An employee must follow the usual and customary call-in procedures for reporting an absence, absent unusual circumstances.

It is intended that this Article comply with the Family and Medical Leave Act of 1993 (as amended) and the Employer may promulgate policies in furtherance of the Family and Medical Leave Act that are not inconsistent with this Agreement.

ARTICLE 35 ATTENDANCE
