

Expirations, New School Districts, Renewals and Rate Changes Effective 1/1/2018

Dear Employer:

Ohio law requires you to canvass your employees and ask each employee for the school district in which they reside. If you have an employee who resides in a school district with a school district income tax in effect, then you must withhold this tax from the employee's compensation – even if you conduct no business or operations in that school district. Employers not fulfilling these requirements are subject to penalties and interest for any unpaid school district income taxes **even if the taxes were not withheld**. A list of school districts with a tax in effect for 2018 is found on pages 3-4.

Important

- Employers use the same account number for both Ohio state income tax and school district income tax withholding.
- If your employees do not know the school district in which they reside, they may determine their school district by contacting their county auditor or by using The Finder at tax.ohio.gov.
- Several Ohio school districts have the same or similar names. Be sure to verify the correct school district on the attached list.
- Effective Jan. 1, 2015, in accordance with Ohio Administrative Code rule 5703-7-19, employers are required to file school district income tax withholding returns and make payment of the withheld taxes through the Ohio Business Gateway (OBG) at business.ohio.gov.
- Employers who have been approved under the opt out provision to file paper and pay by check, complete your SD 101 and include the form with your payment. Be sure to show the amount due for each school district. By doing so, you will help us forward each tax payment to the correct school district.

School District Withholding Requirements

Who Must Register? All employers maintaining an office or transacting business in Ohio and required to withhold federal and state income tax must register if they employ at least one resident of a school district that has enacted a school district income tax. Employers who do not have an Ohio withholding account may register by completing the Ohio withholding registration through the OBG (on OBG under Start a Service or Transaction, click on the dropdown selection Ohio Taxation – New Account Registration and select Ohio Withholding Registration).

Who Must Withhold? Every employer maintaining an office or transacting business within the state of Ohio and making payments of any compensation to an employee who resides in an affected school district must withhold the school district income tax. The employer's office or employee's work location is irrelevant. The employee's residence is the determining factor for employers to withhold school district income tax.

How Much Tax Do I Withhold? Employers should use the same wage base and number of exemptions they use for withholding Ohio income tax and use the school district withholding tables, unless the school district income tax is based on earned income. Several school districts have enacted an alternative, earned income only tax base. For those school districts with an income tax based on earned income, the employer should withhold at a flat rate equal

to the tax rate for the district with no reduction or adjustment for personal exemptions. These earned income only tax base school districts are found on page 3.

What Forms Must be Completed?

Employee's Withholding Exemption Certificate, Ohio IT 4 – Every employer liable for Ohio withholding tax must keep on file Ohio IT 4, Employees Withholding Exemption Certificate. By doing so, employers have built-in fields for the name and number of the school district in which the employee resides. Employees must update Ohio IT 4 whenever previous information becomes insufficient or incorrect.

Filing Frequency – File returns and pay taxes according to the following:

- **Quarterly** payments are due if the **combined** Ohio and school district liability does not exceed \$2,000 during the 12-month period ending on June 30th of the preceding calendar year.
- **Monthly** payments are due if the **combined** Ohio and school district liability exceeds \$2,000 during the 12-month period ending on June 30th of the preceding calendar year.
- **Partial weekly** and **electronic funds transfer (EFT)** payments are not required for school district withholding tax.

Note: Overpayments made for a district can be applied to reduce the tax due for the same district in a subsequent period, but employers cannot use an overpayment to one school district to reduce the tax due for any other school district.

School District Employer's Annual Reconciliation of Tax Withheld, SD 141 – All employers required to withhold must file no later than Jan. 31 of the succeeding calendar year an annual report, SD 141, reconciling school district tax withheld and paid for

Note: When you create W-2s for your employees, you should identify the school district by its **four-digit code**. By doing so, you will help your employees avoid any delay in the processing of their income tax returns.

the past calendar year. Employers selling or closing their business during the year must file their final return within 15 days after the date of selling or closing the business. Employers should show all withholding amounts for each district on the SD 141. Employers discovering an error after filing SD 141 should file the amended SD 141 online through the Ohio Business Gateway to adjust for the error(s).

Wage and Tax Statement (Combined W-2) – On or before Jan. 31 of the succeeding calendar year, employers required to withhold school district tax must furnish to all employees subject to the tax two copies of the report of compensation paid during the calendar year and the amount deducted and withheld as school district tax. Employers use the federal combined W-2. **Employers should clearly identify the school district on the W-2 by its four-digit number.**

Transmittal of Wage and Tax Statements, Ohio IT 3 – All employers required to withhold must file with the Ohio Department of Taxation by the last day of January of the succeeding calendar year a copy of Ohio IT 3. Employers are no longer required to send us paper copies of federal form W-2. Send your state W-2 information to us on magnetic media using an approved electronic format. The electronic format is available on the department's Web site at tax.ohio.gov.

If an employer discovers an error on a combined W-2, the employer must furnish two copies of a corrected combined W-2 marked "CORRECTED BY EMPLOYER" to the employee and one copy to the Department of Taxation marked "REISSUED BY EMPLOYER."

Employer's Liability for School District Tax – Each employer is liable for the school district tax required to be withheld. For purposes of assessment and collection, amounts required to be withheld and paid to the Ohio Department of Taxation are considered to be a tax on the employer. The officer or the employee having control or supervision of or charged with the responsibility of filing the report and making payment shall be held personally liable for any failure to file the report or pay the tax as required by law.

Interest and Penalties – If an employer fails to pay the school district tax deducted and withheld from employees by the due date, interest shall accrue on the unpaid tax at the rate provided for under Ohio Revised Code section 5703.47. Interest (4% for 2018) on the unpaid tax is due in addition to any penalty for late filing or late payment of the tax due. If an employer fails to pay the school district tax deducted and withheld from employees by the due date, the employer may incur a penalty of up to 50% of the tax due, unless failure was for reasonable cause and not willful neglect. If an employer does not file the SD 101 or SD 141 or files after the due date, a late filing penalty may be assessed, which is the greater of \$50 per month or fraction of a month (up to a maximum of \$500) or 5% per month or fraction of a month (up to a maximum of 50% of the tax due).

Computer Formula for School District Income Tax Withholding

Caution: See Exception below.

- Daily payroll period: Federal wage base minus \$2.50 for each exemption times the school district tax rate
- Weekly payroll period: Federal wage base minus \$12.50 for each exemption times the school district tax rate
- Biweekly payroll period: Federal wage base minus \$25 for each exemption times the school district tax rate
- Semi-monthly payroll period: Federal wage base minus \$27.08 for each exemption times the school district tax rate
- Monthly payroll period: Federal wage base minus \$54.17 for each exemption times the school district tax rate
- Annual payroll period: Federal wage base minus \$650 for each exemption times the school district tax rate

Exception: Several school districts have enacted an alternative earned income only tax base. Residents of these school districts are not entitled to the exemption adjustment. Employers must withhold the school district tax on all federal wage base compensation paid to employees residing in these school districts. These earned income only tax base school districts are included on the enclosed listing.
