WHEREAS, Ohio Revised Code Section 727.01 grants the legislative authority of a municipal corporation the special power to levy and collect special assessments for the improvement of any street, alley, public road, place, boulevard, parkway or park entrance by the lighting thereof;

WHEREAS, Ohio Revised Code Section 727.06 states that when a petition, subscribed by sixty percent (60%) of the owners of the front footage of property abutting the streets to be improved by the lighting thereof, requesting such improvement is presented to the legislative authority of the municipal corporation, the total costs of such improvement, including the cost of intersections, may be assessed and collected in equal annual installments, proportioned to the whole assessment, in a manner to be fixed by the legislative authority;

WHEREAS, Ohio Revised Code Section 727.09 states that when the legislative authority determines that the streets or parts thereof to be improved by lighting are so situated in relation to each other that in order to complete the improvement in the most practical and economical manner they should be improved at the same time and treated as a single improvement;
